Risk Disclosure Statement

In consideration of FX24 agreeing to enter into contracts for difference on instruments such as currencies, equities, debt securities, indices and commodities ("CFDs") with the Customer, Customer acknowledges, understands and agrees that:

1. Trading Is Very Speculative and Risky CFDs is highly speculative and is suitable only for those customers who (a) understand and are willing to assume the economic, legal and other risks in-

involved, and (b) are financially able to assume losses significantly in excess of Margin or deposits. CFDs is not an appropriate investment for retirement funds. Customer represents, warrants and agrees that Customer understands these risks; that Customer is willing and able, financially and otherwise, to assume the risks of CFDs and that loss of Customer's entire Account Balance will not change Customer's life style.

2. High Leverage And Low Margin Can Lead To Quick Losses The high leverage and low Margin associated with CFDs. Customers must maintain the Minimum Margin Requirement on their Open Positions at all times. It is the Customer's responsibility to monitor his/her Account Balance. FX24 has the right to liquidate any or all Open Positions whenever the Minimum Margin Requirement is not maintained. Increasing leverage increases risk.

3. Prices, Margin And Valuations Are Set By FX24 And May Be Different From Prices Reported Elsewhere FX24 will provide prices to be used in trading, valuation of Customer positions and determination of Margin requirements. Although FX24 expects that these prices will be reasonably related to prices available in the interbank market, prices reported by FX24 may vary from prices available to banks and other participants in what is known as the interbank market. FX24 will exercise considerable discretion in setting and collecting Margin. FX24 is authorized to convert funds in Customer's Account for Margin into and from such Foreign Currency at a rate of exchange determined by FX24 in its sole discretion on the basis of then prevailing money market rates.

4. Telephone Orders And Immediate Execution Market Orders executed through the FX24 Trading Desk are completed when FX24 says "deal" or "done." At that point Customer has bought or sold and cannot cancel the Market Order. By placing Market Orders through the FX24 Trading Desk, Customer agrees to such immediate execution and accepts the risk of this immediate execution feature.

5.
